

DEATH CERTIFICATE APPROVAL FORM

Please ***carefully*** review the "Unofficial Death Record Abstract" for final approval. Inform us of any errors or omissions now, so that we may correct them prior to filing the Death Certificate.

Any errors or omissions that you do not ask us to correct will appear on the certified copies that you have ordered. The State of Washington will charge you an additional \$25.00 plus other fees for each death certificate that needs to be replaced.

Please note: Washington State law does not allow us to alter or change the 'Cause of Death' section of the form. Should you want an amendment to that section, please contact the certifying physician directly.

*****Please be advised, Barton Family Funeral Service *will not* replace or absorb the cost of any Certified copy of Death should an error or omission be discovered after this document is signed.**
